## SPRING BOWLING TO OPEN AT ELLSASSER'S

New Commercial League Com-  
posed of Business Men Opens  
Thursday Night—Other  
Leagues Start Schedules.

Bowling for the spring term for Mishawaka opens Monday evening on the alleys of the Ellsasser institution. Two leagues will start the balance of the year; they are the City of Mishawaka league. For the City league the Regulars and Premonas will bowl and for the Mishawaka league the Amateurs and Osearettes will be the beginners. Neither of the leagues have yet filled their schedules but it is expected that before Thursday evening the balance of the teams to complete both leagues will have entered. The Ruberos have changed from the City league to the ranks of the Manufacturers, taking the place of the Singer team of South Bend. The Ruberos represent the Rubber Regenerating company of this city and will give three teams from Mishawaka in the Manufacturers' league. In the Mishawaka league the Legaros have resigned their place, and this place has yet to be filled.

In the place of the Oliver league which has changed its place of bowling from the Ellsasser hall to alleys in South Bend, the Commercial league will fill. The Commercial league is a new one to the alleys and has been formed of business men of the city. The league was started several weeks ago but owing to the holidays the business men were too busy to take any active part. The promoters of the new league were Peter Lehmann, William Hoerstmann and Charles Roy.

It is the plan of the new league to bowl a 10 week schedule beginning on Thursday night of this week. All teams which compose the league will bowl on one night, in this way bringing all the members together on one evening. The teams have all been assigned members and a meeting will probably be held about Thursday evening when each team will elect their own captain and select their name.

The following are the names that have been entered in the new league: O. Hindelang, K. Sutherland, W. E. Wallach, G. A. Maurer, C. Roy, C. Hurst, Morgan Jones, C. Roy, W. J. Shively, P. G. Lehmann, E. C. Went, J. Prostmann, W. Bradford, A. Van Rie, L. Philion, E. H. Longstreet, A. C. Haslanger, E. C. Eggleston, F. A. Vogt, E. Winney, S. McIntosh, French and Thomas, Fred Ullmann, W. Hoerstmann, J. Thallemer, C. Kaylor, George Shelley, J. W. Barrows, J. Q. Swanger, Ross Eminger, C. L. Metzger, W. E. Priest, Willis Lott, Louis Gambler, L. L. Robbins and Wilbur Gamble.

**SKATING RINK NOW READY.**  
The skating rink which has been under construction at Battell park for the past several days was opened to the public Sunday morning. Street Commissioner Doolittle has been putting forth every effort to make the rink efficient for skating. If the cold weather continues another rink will be placed in Washington park in the extreme east end of the city for residents in that section. It is also planned to build one in the west end providing a suitable location can be found.

**SCHOOLS OPEN TODAY.**  
Classes in all of the public schools of Mishawaka will be resumed Monday morning, after a vacation of the past two weeks. There will be no more vacations until the spring term closes. All of the teachers who have been away have returned and are ready for the year's work.

**TO TAKE DOWN BIG TREE.**  
The municipal Christmas tree at the corner of Mill and Lincoln highway, west will be dismantled Monday. The tree has been in place since Christmas eve and every night until New Year's tree was lighted with lamps. The tree this season was even a greater success than the one of a year ago.

If weather continues as it has the past few days a hockey club will be formed in Mishawaka. ## REV. MR. WHITNEY TALKS ON THE NEW YEAR

"A Happy New Year" was the subject Rev. A. B. Whitney, at First Baptist church preached from the words "Be of good cheer." "It ought to be a happy nineteen fifteen. God would have it so, and it can be, for he has made it possible," he said. "What's to hinder, then? With many it will be one of good cheer. Can others be persuaded that the lack of this comfort will be largely of personal, self hindrance?"

"These words of Christ to his friends were comfort and courage with good cheer. The world will not give us a happy year, but Christ will. We may be sure, then, that what the world needs itself it cannot give. Settle that first of all. It is truth positive, that Christ makes all happy who follow him. Write it large that the Christian possesses and radiates happiness. In him who has overcome the world, He is master of circumstances in regard to peace and courage. The joy of the Lord in the soul is more than the happiness of any happening, or the down-pull of any tribulation.

"Why not all resolve to be happy? Let the new page of the year put Christ at the head. Let these be as the outer man. Let time mean divine mercy, with a day for worship and a while for prayer. Let this man-soul of mine be honest with self. Let the law of love govern me. Here is the strength of His joy. Then our cheerful days shall brighten other lives."

## TECHNICAL POINT ARISES IN AWARDING CONTRACT

The board of public works adjourned to unofficially discuss the matter of awarding the contract for the pumping engine bids, Monday morning. The question under discussion was a technical one, and as to be, whether the lowest bidder is the best bidder. The board was assisted by several of the city officials and department heads.

The matter of supplying a sufficient number of skating rinks for the city was one of the questions of the board. Mr. Doolittle was authorized to endeavor to find a suitable location in the west end to place a rink. The commissioner stated to the board that it would be impossible to use Lincoln park, as over 1,000 feet of hose would have to be laid to secure water. The Dodge Co. also requested that the city construct a rink in the Dodge athletic grounds just across the street from the main offices. The city replied that the request would be granted if the grounds would be opened to the public.

Mayor Gaylor was instructed by the board to recommend to the council that an ordinance be adopted regulating the charge of permits for tearing up pavements where improvements are made to private properties.
